

Automatic Time Tracking – Save Time and Reduce Errors!

Save time and reduce costly errors by allowing your employees to track their own hours online and eliminate double input. It can be a real pain to track employee hours and re-enter the data, especially when you have to follow complicated overtime rules.

- ✓ **Reduce costly errors** by automatically calculating total hours worked (including overtime)
- ✓ **Reduce compliance risks** by applying state and federal overtime and double time rules
- ✓ **Save valuable time** eliminating double input by allowing employees to enter their own hours online.
- ✓ **Fully integrated with payroll** so you never have to calculate or re-enter hours
- ✓ **Easily review and adjust hours** to fix employee mistakes
- ✓ **Automatic Email Reminders** to employees when timesheets are due
- ✓ **Flexible options**
 - *Online timesheets on a password protected website and/or*
 - *Multi-user online time clock where employees can clock in and out*
